Cindy Crawford

The biggest Tops from a top woman and model

GET TO KNOW THE STAR OF OUR NEW CAMPAIGN.

"I love healthy food but I couldn't live without chocolate."

Cindy Crawford

25 years ago, Cosentino launched Silestone®, an innovative material that revolutionized the design of kitchen and bath surfaces around the globe.

To celebrate almost 3 decades of hard work and innovation, we are launching a new campaign in which, once again, we are surrounded by great personalities from the world of sport, culture, kitchen and fashion. Men and women who, thanks to their determination and professionalism, have arrived to the top of their careers and, as complicated as it is,

have managed to stay on top. The "Tops on Top" campaign starts with one of the most well-known and valued Top Models in the world. Surprisingly, Cindy Crawford is a simple, down to earth and very close person. The secret to success for this American supermodel is simple and it is very similar to the Cosentino DNA values: a solid family relation, passion for work and humility.

In an exclusive interview after shooting, the brand-new image of "Tops on Top" tell us about her greatest passions.

Marinated Mussel Salad

By Chef Sergio Pérez

Ingredients

32 mussels
120 gr. broccoli
4 radishes
200ml rice vinegar
100ml extra virgin olive oil
50ml white wine
50ml mineral water
2 garlic cloves
1 bay leaf
1 carrot
1 onion
Pinch of ground black pepper
20 gr. black sesame seeds
Pinch of salt

Method

- 1 Gently fry the mussels**
With a splash of oil and a crushed garlic clove. Cover until they open with their own vapour.
- 2 Separate the shells**
Put the meat and the now reduced mussel juices to one side.
- 3 Make a marinade**
Gently fry the garlic, the onion and the carrot. Add the white wine, the vinegar, the ground pepper and the salt. Let it simmer for around 15 minutes.
- 4 Keep cold for at least 12 hours**
Cover with a wet cloth during this time.
- 5 Boil the broccoli**
In plenty of salted water for 2 minutes, then cool in water, ice and salt.
- 6 Cut the radish into thin layers**
With the help of a small mandolin. Keep the thin layers in iced water until they need to be used.
- 7 Plate up all the ingredients**
Combine broccoli, mussels, marinade, radishes and finish with a handful of black sesame seeds.

Large Seamless Bathrooms

Silestone® is reinventing spaces thanks to the new concept of tailor-made solutions for large spaces. Any architectural element turns into an opportunity and gives us infinite aesthetic possibilities. The material adjusts itself to adapt to the space and not the other way around.

Silestone® allows the creation of a complete bathroom in one single material, giving the space better harmony and aesthetic lines.

Top benefits of Silestone®

Silestone® is Natural Quartz created to provide colour and texture for bath and kitchen surfaces. Thanks to its physical and chemical properties, a result of years of investigation, it guarantees maximum hygiene and safety.

Resistant to Acid and Scratching

Quartz is one of the hardest minerals that exists. This makes our products very durable, with a high level of resistance to external damage.

Resistance to Stains

Silestone® is a non-porous surface which is highly resistant to stains from coffee, wine, lemon juice, oil, vinegar, make-up and many other daily-use products.

Resistant to Impacts

Silestone® high level of resistance to impacts allows very hard objects (pots, trays, etc.) to be handled with total ease.

Top Ideas for your Kitchen

Are you thinking of redecorating your kitchen or creating a more original design? If so, don't miss our innovative ideas for decorating with style and a unique personality.

Choose slate paint

Thanks to this type of paint, you can easily redesign your kitchen, using it on walls, furniture and electro domestic appliances alike. Go for traditional colours like green and black or choose innovative options such as yellow.

Add decorative vinyl

It will allow you to give new life to your kitchen and masterfully update its look. You can use it to redecorate the front of wardrobes and drawers or to change the look of your electrodomestic appliances.

Decorate with facades

It's the quintessential work area. Choose materials which allow easy cleaning and maintenance. You can choose the same colour to obtain a visually unified kitchen or another totally different one to create interesting contrasts.

Choose black for your kitchen

If you like contemporary designs and your kitchen is especially light, choose the colour black to create a modern, sophisticated look. You can also create very interesting contrasts with white.

Out-of-place objects

Make your kitchen transmit originality and personality by introducing elements which aren't a part of it. Some examples could be a large painting leaning against the wall or a sculpture.

Mix different styles

Design a unique kitchen by mixing Nordic style and Rustic style: contemporary furniture in a very industrial style space, with appliances on view, brick walls and cement floors.
